

**COVID-19 Pandemic Preparedness 2020**

March 26, 2020

Attention: Law Enforcement Officers and Public Officials

Please be advised that \_\_\_\_\_ is an active member of the Staff of \_\_\_\_\_, an out-patient infusion center. We provide physician-ordered biologic infusion treatments to patients with serious chronic illnesses. If these patients do not have access to care at our infusion center, their symptoms may result in unnecessary emergency room visits and/or hospitalizations.

In the event of a shelter-in-place/curfew order, our staff members will still be required to provide treatment and services to these very vulnerable patients. This may require our staff members to travel through areas under curfew restrictions. Please excuse this individual from the curfew restrictions for the purpose of getting to and from the infusion center.

Your cooperation is greatly appreciated.

Sincerely,

*Ellen Davis*

President  
Multispecialty Physician Partners
